### Fear Expressed Here New Bridge Lost and No Highways Built

Fear was expressed here Friday that Cameron may not get the proposed new bridge across Little River nor realize construction of Highways No. 77 and 36 this or next year.

The reason is that only highways designated as military routes will now be built. Also it was believed that structural steel for the bridge might not be available under the new priorities allocation for national defense.

If such a barrier is raised construction might be delayed for years, depending on the existence of the so called emergency.

The United States in War would mean greater delay. Without construction on Highways 77 and 36 Cameron will be cut off entirely from interstate traffic.

#### THE CYO MEETS

The CYO had its regular monthly meeting Tuesday night at 7:30. During the business session officers were elected for the coming year to take office in November. They are: Truet Chambers, President; Catherine Michalka, Vice President; Mildred Michalka, Secretary; and Loretta Polansky, Treasurer. The members then adjourned.

Boots Frazier of Austin spent the past week end with his family.

### BUCKHOLTS BOY VERY CRITICALLY INJURED

Six people were injured, one critically, at 8 p. m. Friday at the intersection of North Travis and West 23rd streets in a car collision.

The critically injured are: Howard Lawson of Buckholts.

Badly injured are: Marvin Mode of Yarrellton.

Injured are: Mr. and Mrs. Dwight Moody, and their 21 months old son, Dwight, Jr., Cameron; and Udell Woodard of Buckholts.

Lawson suffered a fractured skull and a bruised leg.

A report late Saturday from Cameron Hospital indicated that Lawson was in a serious condition.

Woodard was driving a Model A Ford car going east and the Moody family were in a station wagon going north on Travis which is Highway 77. The car driven by Lawson struck the station wagon somewhere near the center of the street and both cars were badly damaged.

City Marshal Gene Smith said that the car in which the young men were riding apparently did not stop at the sign on West 23rd where the street intersects with Highway 77.

The street intersection is one of the worst hazards in the city. Pleas have been made to the city council to install a signal light to control traffic flow and avoid accidents. As late as Tuesday night a plea was made by the City Marshal, joined by Dan Tyson who lives near the scene of the accident, for a light at this intersection.

The Marek-Burns ambulance drove to the scene of the wreck and took the injured men to the hospital. Lawson and Mode remained at the hospital while Woodard returned to Buckholts.

Mr. and Mrs. Moody and their baby were treated in the office of Dr. Leland Denson.

It was believed the young men were on their way to the Georgetown-Cameron football game.

Mrs. Moody sustained a cut on her nose while Mr. Moody and Dwight, Jr., were only slightly injured.

Lawson is the son of Mr. and Mrs. I. C. Lawson of Buckholts and a grand son of Mr. and Mrs. L. J. Dunham of Cameron.

### Louie Cohen Goes to Hospital in Ambulance

He is slowly improving and hopes to be up in a few weeks. During his long illness it has been necessary to take him to the hospital at intervals for an examination.

Bill Morrison and Joe Horelica are in Temple on business today.

### Morrison Sets 19 Convictions With No Suspended Sentences to Make Clean Sweep Of September Term of District Court Here

To Criminal District Attorney W. A. (Bill) Morrison goes the award this week for outstanding success both in the conduct of his office as well as service to his county and state.

During the recent court term he obtained with the co-operation of jurors 19 convictions without a single suspended sentence. In times past juries have been too liberal with suspended sentences.

The record for September in which Mr Morrison is revealed as leader for successful prosecutions in crime cases, is very encouraging. In nearly all cases the crime was burglary or theft.

There were no cases in which the prosecution lost. All were convicted. Here is the list of 19 cases and results obtained:

Jack Turner, 2 cases, burglary, 2 years in prison.

Jim McCormick, two cases of burg-

### RUSSIANS SAY HOUR OF PERIL AT HAND

A German victory in Russia, forecast by events of the day, had precipitated a crisis between the United States and Japan.

The Japanese cabinet has resigned because of strained relations with the United States and it was said that the war party has taken over.

President Roosevelt in Washington canceled a cabinet meeting and instead called a meeting of the heads of the army and navy.

The Japanese Ambassador has left Moscow.

The Germans are within artillery range of the Soviet capital and the tomb of Lenin in the Red Square in Moscow has been closed.

The Soviet government was ready to leave the capital.

The city of Odessa on the Black Sea and the scene of some of the heaviest fighting of the Russian campaign was burning and being evacuated by the Russians.

There was no indication of what Japan might do but some believed she would attack Russia now that a German victory seems imminent. What the United States will do in the event of a Japanese attack upon Russia was not clear.

A vital complication of such an event would be a blockade of supplies through Vladivostok because Japan would be at war with Russia. If this occurs the United States would be forced to fight or retreat.

A Japanese spokesman said the navy was ready for action and anxious to begin the war.

President Roosevelt was due to hold a conference some time during the day and it was believed the far eastern situation will be discussed.

### WITH THE BAPTISTS

Last Sunday our Sunday attendance ran around three hundred. How fine this good attendance. Plans are under way for an enlargement campaign in the near future. All our officers and teachers are anxious to enlist and expand and every effort will be made to enlarge our Sunday School set up to its full capacity. As soon as W. C. Wiese has formulated plans they will be given the full publicity they deserve and all Baptists will go into co-operative action.

Training Union was off just a bit. 106 were in attendance. "It ain't the guns nor armament, nor funds they can pay, but the everlasting team work of every bloomin' soul" that will win. In the church we must have team work with Carl K. Cain for a great Training Union.

Mrs. Earl Moseley had a great installation service last Monday and the new officers took over for a great year in WMU work. We welcome Mrs. John Hause into the place of WMU leadership.

The YWA had a good meeting last week. Mrs. Vernon A. Miles was guest of honor and brought a very good message of inspiration for a new year's work.

Our Budget committee for the new year has been set up and is composed of Carl Cain as chairman and P. S. Graves, Mrs. John Hause, Gus Evans and one more to be named.

## GERMANS CLOSING IN ON SOVIET CAPITAL

The fate of Moscow was perilously hanging in the balance at noon Wednesday with the German armies penetrating to within 40 miles of the Soviet capital.

The Russians made some claims based on counter attacks which they have been delivering with increasing vigor during recent days, but there seemed no likelihood that Moscow could be saved from the Nazis.

Hitler was following the old route of Napoleon and was Demonstrating to the world that the Nazi army could do what many said he would never be able to accomplish.

It is the same story as the fate of the Balkans, the low countries, and even France. There has been talk of aid to Russia both from the United States and Britain, but this will not be delivered.

Unless the Russians themselves are able to fight back the German armies, Moscow and all that is vital in the Soviet Republic will fall into the hands of the Germans and the war will end with a compromise peace unless Hitler by sheer exercise of military might desires to chastise the British with a military decision.

The British will be forced to surrender as an alternative to the sacrifice that will be required to wage a war against Germany.

Receding American sentiment was said by Congressional leaders to forestall any possibility of this country's entry into the war.

## KILLEEN KANGAROOS SMASH THE TIGERS

By BLACKIE SHERROD  
Telegram Sports Writer

Rockdale, Oct. 10.—You can write it on the garage wall in letters 10 feet high that the Killeen Kangaroos haven't discarded a one of their Distrit 33-A title aspirations.

And no more convincing evidence could be given than the sound 34-0 kicking Coach Lee Peebles' Hoppers handed the Rockdale Tigers tonight.

It wasn't just a one-man show although 187 pound Tommy Bishop, score drive. Bishop and Conder the Blond Bomber, ripped himself a load of ball carrying glory out of the fighting Tiger line. Tolver, a fast-sprinting ball totter, Hillard, a fast-merchant, and hard working Conder, an unsung hero at the blocking back post, combined to sell just too much power for the crippled Bengals.

**Carlisle Sets Up First Score**  
Carlisle, Killeen's defensive stand, out throughout the game, set up the first six points when he crashed through to block an ill-advised fourth down quick kick on Rockdale's 27 in the first six points when betaoim the first frame. Then it was Bishop for seven, and then 18, and Tolver spun to the six yard line. The Bomber crashed over on the first try. Tolver converted.

Tolver lateralled to Hillard for a 20 yard pick up to start the second teamed to smash to the four and, after a penalty set the ball back to the seven, Bishop powered over. Tolver missed the extra point attempt.

### Passes Count

Tolver staged a neat 57 yard jitterbug prance to start scoring festivities in the second half. Bishop kicked the extra point. A few minutes later Tolver tossed two passes, the first to Bishop for 12 yards and the second to Hillard for 38 strides and six points. Bishop converted.

Carlisle intercepted a Tiger pass in the fourth period to set the stage for the final score. Hillard whipped off a 25 yard sprint to the Rockdale 26. Conder and Hillard combined to carry to the one and Conder plunged over. Tolver kicked the extra point.

The Tigers felt keenly the loss of Carter Newton who was injured in the Cameron game last week. Too, numerous regulars were forced to leave during the course of the game from injuries. Backhaus, Tiger tackle was a tower of strength in Coach Loudermilk's line and Edward's turned in topnotch job of line backing. Krause and Bounds carried the offensive load.

**Rockdale Threatened Once**  
The sole Rockdale scoring threat came in the first half when Bounds passed to Krause for a 43 yard gain to the Killeen 22. However, Carlisle grabbed an enemy toss to halt the march. The entire Kangaroo line charged fast to a man and played havoc with the Tiger running attack all through the game.

First downs were in Killeen's favor, 13 to four. The Kangaroos completed two out of the five ariel shots and Rockdale completed four of 10.

### Rosebud Noses Out Marlin, 7 to 6

Rosebud, Oct. 10.—An injury-hampered Rosebud squeezed out a 7 to 6 win over Marlin here Friday night with Halfback Weiser scoring all seven points late in the fourth quarter.

Marlin scored first in the second quarter on a pass from Neely to Lokey, threatened seriously again in the third by moving to the Rosebud two yard line where they lost the ball on downs.

Rosebud's score came when Weiser knifed over from the Marlin 10 yard. He also scored the conversion on a running play. Rosebud's scoring chance came when a Marlin kick was blocked on the 30 yard line and recovered by Rosebud on the 10.

Marlin gained 78 yards via passing but only 70 on the ground. Rosebud piled up 216 yards from scrimmage, made 12 first downs to Marlin's seven. Rosebud meets Georgetown here next Friday.

### Ducks Trample Tigers, 31 to 0

Taylor, Oct. 10.—Coach T. H. Johnson's Taylor Ducks trampled the Belton Tigers 31 to 0 in Taylor tonight.

Halfback Arthur Ake ran 25 yards off tackle for the first touch down early in the first quarter. Back Allen LaBay then made a five yard line plunge for the second score after a series of power drives. Fullback Arthur Gautz ran 10 yards on an off-tackle play for a touch down in the second and 60 yards on a similar play for a score in the third. Late in the third, Fred Seals caught a pass from Kautz and ran 50 yards to score again, after which J. B. Hill kicked for the extra point.

# BRITISH LAND TROOPS IN ARCHANGLE PORT

A Swiss news agency early Monday said that 40,000 British troops have been landed at Archangel, northernmost Russian port and that a British expeditionary force of an undisclosed number had been landed somewhere on the White Sea.

There was no comment in London. The British have landed token forces in a number of campaigns just to show good faith and no intention has been expressed to make effective war against Germany.

Heavy concentration of British bombers 400 in all, were over the French coast and all the way to Norway Sunday and Monday.

The Germans have pushed their armies to within less than 100 miles of Moscow. The Russians were in retreat and facing disaster, but were able to counter attack on the Odessa front and at Leningrad.

## OBITUARY

MRS. H. L. ATKINSON

The life of Mrs. H. L. Atkinson was just a few years less than the life of the Maysfield Presbyterian Church in which she was predominantly interested and to which she was so unselfishly devoted. Born June 7th, 1878 as Hattie Williams, she was one of five sisters: Mrs. George H. Peets of Maysfield, Miss Amelia Williams, Mrs. Lawrence K. Smoot and Mrs. A. C. Freeman of Austin surviving her. She left a husband, to whom she was married in Nov. 1898; three daughters, Mrs. R. L. Spain of Dallas, Mary Virginia and Harriet Atkinson of Maysfield, and one son and wife, Mr. and Mrs. Elliott W. Atkinson of El Dorado, Ark. and two grand children: Gordon Allen and Emma Lou Atkinson.

As a child she loved to go to Sunday School and Church, having joined the church at about eight years of age with her husband, and it seemed that interest and love for God's House and work never abated. She was one of those rare Christian characters, whose home was a hospitable Christian home, whose heart was devoted to her Savior, and whose energies were spent in His service as Sunday School Teacher, as leader in song, and an enthusiastic worker in the Woman's Auxiliary. She was loved by all kinds of people and her stand for righteousness was respected.

Her favorite verse was Matthew 6:33 "But seek ye first the kingdom of God and His righteousness, and all these things shall be added unto you." She believed in the truth of that verse with all her heart so she strove to practice it. If her Sunday School pupils went out from her class without learning that verse, it was not her fault. She made the interests of the Kingdom of God her interests; and her prayers, her gifts, and her unselfish service were given to it.

But she was a seeker after God's righteousness as well, which explains her stand against modern forms of evil, worldly practices and standards among men. If she lost out in advocating certain methods of procedure in her church, she would continue to co-operate with the majority. She didn't nurse a cherished grudge. Yet she felt that she must not compromise with evil practices, speaking out against known sin as she sought to put Righteousness first. Joseph Parker, the great English Preacher, upon being asked "What is the greatest Christian virtues?" replied, "Holy courage." What a need in the world today for men and women who will stand fast for Righteousness and God's Kingdom! Yet no doubt that courage and her other Christian virtues were due to her love for Christ. The President of the Auxiliary of Central Texas Presbytery wrote, "I shall always remember Mrs. Atkinson as one of the sweetest, happiest and most lovable of my acquaintances."

Edgar Guest must have expressed her desire in a poem—  
"I'd like to think that here and there,

When I am gone, there shall remain  
A happier spot that might have not  
Existed and I toiled for gain;  
That someone's cheery voice and smile

Shall prove that I had been worth while;

That I had paid with something fine  
My debt to God for life divide."

As we who remain strive to throw off our sadness, we carry on as we repeat, "Miss Hattie would have us to do it," though she would say, "Our Lord and Savior, whom she loved above other loves, "Would have us to do so."

Someone has written two verses about "The Christian Woman."

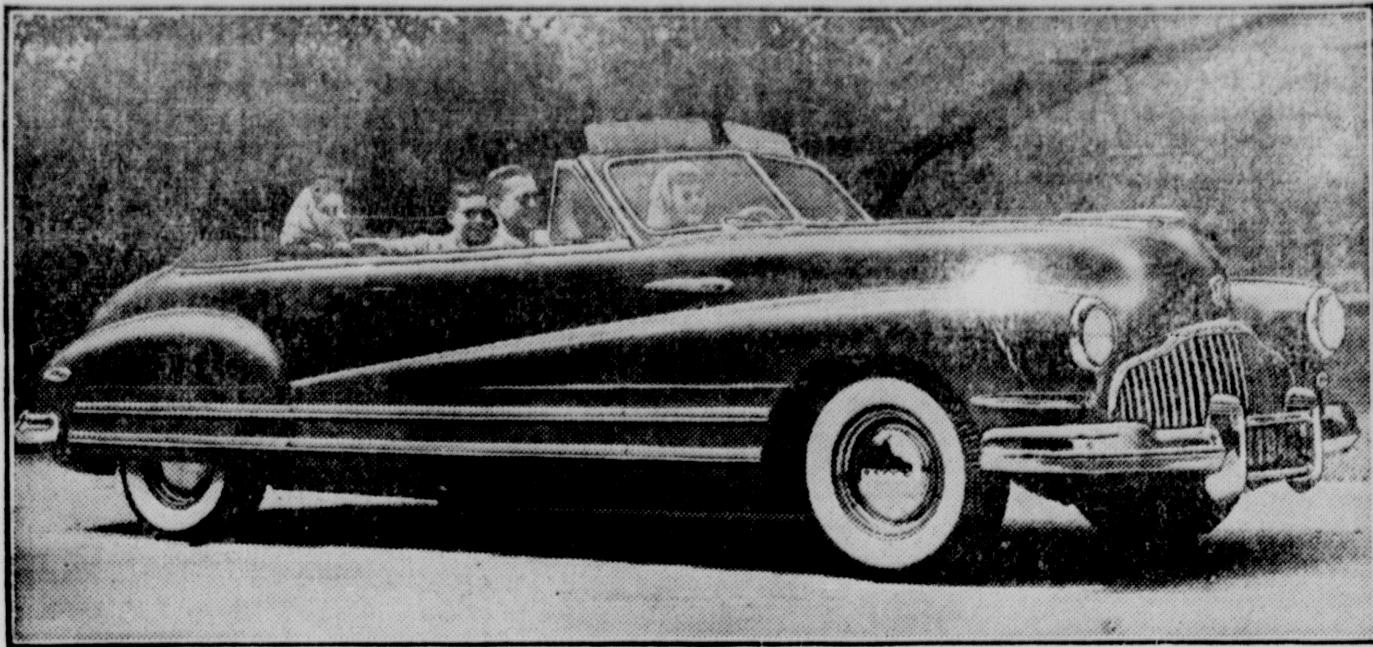

"She hath escaped all danger now,  
Her pain and fighting all are fled;  
The crown of joy is on her brow,  
Eternal glories o'er her shed.

On golden robes, a queen, a bride,  
She standeth at her Sovereign's side.  
She sees His face unveiled and bright,

A lesser light amid His light."

—Her Pastor.

ing contour. License plates are incorporated in the bumpers between heavy bumper guards. ## GERMANS SMASHING AT SOVIET CAPITAL

Despite frightful losses, described as the most severe of the bitter battle, the Germans were pushing steadily on toward Moscow.

In Washington President Roosevelt said that there was no fear of a Russian collapse.

In England labor unions, schools and colleges, the press and middle classes were bombarding the government with a plea for a fight with Germany; an invasion of the continent regardless of the hazards involved.

The government of Britain will not fight Germany.

Unless the United States can supply men there will be no allied attack. Just how the British hope to win the war is not disclosed.

Moscow painted the picture as extremely grave and appealed to England to give aid. It will be recalled that fifteen other countries have made the same appeal, all in vain.

Berlin claimed the end of the Russian campaign is in sight and the war due to end soon.

Mr. and Mrs. Henry Boedeker of Taylor were Cameron visitors Sunday.

Mrs. J. F. Howard and Mr. and Mrs. Max Howard spent Sunday afternoon in Rosebud with relatives.

## MISCELLANEOUS SHOWER

Miss Opal Worester was hostess to a miscellaneous shower at her home on Tuesday night at 7:30 p. m. honoring Verna Mae McLane, bride to be of Jack Vick.

The room was decorated in Halloween style with this theme being used throughout the entire party in prizes and other decorations.

Games were played and the prizes were won by Mrs. George Miller and Mrs. Randolph Williamson, who later presented them to the bride. Doris Nell McLane presided over the bride's book.

After the games were played the bride had to roll a spool of thread and tell how she met her husband, when, where and other things about him. When she got to the end of the string, she found a cabinet filled with gifts. She opened the gifts and thanked each one for their kindness.

Refreshments of banana splits and chocolate cookies were served to the 25 guests. Plate favors were scrolls decorated in Halloween manner on which was written Verna Mae and Jack, October 24.

Miss Ila Jean Stidham, a student at Texas University in Austin, spent the week end with her family.

Mr. and Mrs. J. L. Winston are the proud parents of a baby boy, Curtis Darrell.

Lloyd Frazier of Austin was in Cameron Saturday.

E. A. Camp of Rockdale was a Cameron business visitor Monday.

## SOVIET RESERVE ARMY THROWN INTO BATTLE

The battle for Moscow was said early Tuesday to be entering its final phase.

Russian armies, held in reserve were being brought into the battle in a final effort to hold the German advance.

The Germans were within 60 miles of the Russian capital.

A London report heard shortly after noon said the German advance had been halted to some extent but Moscow is being gradually besieged.

There are a vast system of defense works about Moscow which the Russians are said to have occupied in preparation for an all out defense of their capital.

There was no expectation that the Russians would be able to stop the Germans unless by reason of their shortened communication lines and close proximity to supply.

Snow was falling over the vast area of battle and cold weather which comes in November may shut out

operations until Spring.

In the House of Lords early Tuesday Winston Churchill head his government bitterly assailed. The British were making no effort to fight Germany and there was no informed source that believed they would do so. Further delay will have a bad effect on American public opinion.

German submarines were beginning to operate off Dakar in the South Atlantic.

Military observers said that Germans had no more troops to throw in the battle but Russia has a vast reserve of man power not yet used.

There is no British expeditionary force in Archangle.

## DO YOU KNOW?

That Cameron Welfare Board is the outcome of work done for many years by several good women who, finding needy neighbors, found also ways to provide food, fuel and clothing for them.

Today your Community Chest finances the carrying on of this Good Samaritan service along the following lines: During 1940-1941, ninety four needy families and individuals have been provided with necessary groceries and wood. In cases of illness, physicians' prescriptions have been filled and milk or special food ordered. Clothing has been furnished when urgently needed. For these phases of the work the efficient Chairman is Mrs. Cora Cammer.

During the 1940-41 school term the WPA Lunch Room at Ada Henderson School received supplemental help from the Welfare Board.

Transients needing assistance have been referred to the Sheriff's office where authorization was given by your Community Chest to provide a meal, and when needed, gas for travel to the next town.

Members of Community Chest Board are representing you in all services rendered to the citizens of your own city.

## BUICK BUILDS FOR DEFENSE

Our assignment: Building Pratt & Whitney valve-in-head aircraft engines for defense use.

A word about the calibre of the distinguished new automobiles that Buick now brings to market for 1942

Two thoughts stood solemn sentinel throughout all the planning of our 1942 cars.

The first was:—in their materials these cars must not trespass on the current needs of national defense.

The second was:—in their quality and performance they must not be an "ersatz" product.

If you think this leaves only a cramped and stifling byway for engineering to advance in, remember that difficulties are sometimes the spur that real ability needs.

Our new cars, it seems to us, superbly prove this. But we neither expect nor ask you to take our word for it.

The real way to know what they are, and how marvelously they perform, is to breeze them down a country road or tool

them through clogged traffic.

The sure way to gauge their mettle and their inmost goodness is to plump them squarely into the stiffest task your imagination can supply.

So come try the gorgeous new cars that we not only say pace the pack for 1942 but are bold enough to believe set an all-time high in all-round automotive excellence.

They will make you glad—nay, proud—all over again that you're living in America—and now!
